Description

TAX Optimizer Plan

You would have paid higher taxes in any of the past financial years. Unless you bring some change in financial choices, you will continue to pay higher taxes in the current and coming financial years too. To bring these changes you need to consult tax expert who will guide you about your current salary and financial buckets and how it can be managed to minimize your Tax liability.

As per the provisions of the Income Tax Act,1961 there are more than 30 options available which helps you in saving taxes and minimise your tax liability not only in this FY, but will also have an impact on tax savings in the subsequent FYs. These options apply depending upon your personalized scenarios. This will be based on your personalized discussion with the dedicated CA assigned to you in this regard. Rest assured, we guarantee that we will be able to help you save taxes for an amount which is much higher than the actual price paid for the package.

Extra Benefits with this plan

By choosing this plan you will get our Wealth Management services for 1 year without any additional cost.

How Our Tax Optimization Service works

- 1) Share documents mentioned below,
- 2) pay for the desired package,
- 3) get Tax Optimization Report (TOR) on next business day from the payment date,
- 4) Read carefully the complete TOR with point wise explanation given in the report,
- 5) List down your top queries or doubts for discussion
- 6) Send these queries for discussion (with CA) with preferable timings.

The process in detail

A. We would be requiring certain basic documentation from your end which will include :

1. Pay Slip (Latest)/ CTC details
2. IT Computation sheet.
